

As a resident of the local community I think KLOVE provides a great service. It provides me with encouragement, news updates and positive input in a negative culture. If this station were to be displaced by a LPFM broadcaster the "community" of listeners in this area would no longer have that common bond uniting us. I believe the service provided by KLOVE is definitely in the public interest because they reach out to all listeners and provide a positive influence, something that can make the difference in the life of all listeners.
